ALI MOHAMED

My name is Ali Mohamed and I lived in Moss Side. I was born in Somalia. I left Somalia because of the civil war and I never attended school or gained any qualifications in Somalia. When I came to the UK in 2003, many challenges have faced me, mainly due to language barriers and gaps in my education. I am very proud of the rapid progress that I have made since beginning my education in UK. I graduated from Manchester Metropolitan University.

I have a history of working in the local community. I worked for National Probation and Manchester City Council. Currently, I am the managing director Social Enterprise Company based in Manchester. I have a proven track record of managing teams and driving through change in some challenges times and believe that this experience would be of value to the Governing Body and the school. I have deep interest in all aspects of Education.

I wish to be considered as a parent governor because I'm passionate about education and making sure all children have the best start in life regardless of their background or socio-economic factors. I believe parents should have a voice in their children education and I endeavour to be a bridge between parents and the school.
